

Version #: 01  
Issue date: 10-February-2023

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

### 1.1. Product identifier

**Trade name or designation of the mixture** YC ORIGINAL LARGE JAR SOFT BLANKET 1725591E

**Registration number** -

**Synonyms** None.

**Product code** 1725591E

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

**Identified uses** General Public Use

**Uses advised against** None known.

### 1.3. Details of the supplier of the safety data sheet

**Company name** Yankee Candle Company (Europe) Limited

**Company Address** Poplar Way East, Cabot Park

Avonmouth

Bristol

United Kingdom

BS11 0YH

### 1.4. Emergency telephone number

**General in EU** 112 (Available 24 hours a day. SDS/Product information may not be available for the Emergency Service.)

**Austria National Poisons Information Centre** +431 406 4343 (Available 24 hours a day. SDS/Product information may not be available for the Emergency Service.)

**Belgium National Poisons Control Center** 070 245 245 (Available 24 hours a day. SDS/Product information may not be available for the Emergency Service.)

**Bulgaria National Toxicological Information Centre** +359 2 9154233 (Available 24 hours a day. SDS/Product information may not be available for the Emergency Service.)

**Czech Republic National Poisons Information Centre** +420 224 919 293, or +420 224 915 402 (Hours of operation not provided. SDS/Product information may not be available for the Emergency Service.)

**Denmark National Poisons Control Center** +45 82 12 12 12 (Available 24 hours a day. SDS/Product information may not be available for the Emergency Service.)

**Estonia National Poisons Information Centre** 16662 or abroad: (+372) 626 9390 (Monday 9:00AM to Saturday 9:00AM (closed on Sundays and on national holidays). SDS/Product information may not be available for the Emergency Service.)

**Finland National Poison Information Center** (09) 471 977 (direct) or (09) 4711 (exchange) (Available 24 hours a day. SDS/Product information may not be available for the Emergency Service.)

**France National Poisons Control Center** ORFILA number (INRS): + 33 (0) 1 45 42 59 59 (Available 24 hours a day. SDS/Product information may not be available for the Emergency Service.)

**Hungary National Emergency Phone Number** 36 80 20 11 99 (Available 24 hours a day. SDS/Product information may not be available for the Emergency Service.)

**Lithuania Neatidėliotina informacija apsinuodijus** +370 5 236 20 52 or +37068753378 (Hours of operation not provided. SDS/Product information may not be available for the Emergency Service.)

**Malta Accident and Emergency Department** 2545 4030 (Hours of operation not provided. SDS/Product information may not be available for the Emergency Service.)

**Netherlands National Poisons Information Center (NVIC)** 030-274 88 88 (Only for the purpose of informing medical personnel in cases of acute intoxications)

**Norway Norwegian Poison Information Center** 22 59 13 00 (Available 24 hours a day. SDS/Product information may not be available for the Emergency Service.)

#### 1.4. Emergency telephone number

|  |  |
|--|--|
| Portugal Poison Centre                             | 800 250 250 (Available 24 hours a day. SDS/Product information may not be available for the Emergency Service.)                          |
| Romania Biroul RSI si Informare Toxicologica       | 021.318.36.06 (Available 8:00AM-3:00PM. SDS/Product information may not be available for the Emergency Service.)                         |
| Slovakia National Toxicological Information Centre | +421 2 5477 4166 (Available 24 hours a day. SDS/Product information may not be available for the Emergency Service.)                     |
| Sweden National Poison Information Center          | 112 - and ask for Poison Information (Available 24 hours a day. SDS/Product information may not be available for the Emergency Service.) |
| Switzerland Tox Info Suisse                        | 145 (Available 24 hours a day. SDS/Product information may not be available for the Emergency Service.)                                  |

## SECTION 2: Hazards identification

### 2.1. Classification of the substance or mixture

The mixture has been assessed and/or tested for its physical, health and environmental hazards and the following classification applies.

#### Classification according to Regulation (EC) No 1272/2008 as amended

This mixture does not meet the criteria for classification according to Regulation (EC) 1272/2008 as amended.

### 2.2. Label elements

#### Label according to Regulation (EC) No. 1272/2008 as amended

|                   |  |
|-------------------|--|
| Hazard pictograms | None.  |
| Signal word       | None.  |
| Hazard statements | The mixture does not meet the criteria for classification. |

#### Precautionary statements

|            |                 |
|------------|-----------------|
| Prevention | Not applicable. |
| Response   | Not applicable. |
| Storage    | Not applicable. |
| Disposal   | Not applicable. |

|                                |  |
|--------------------------------|--|
| Supplemental label information | EUH208 - Contains Amyl cinnamal, Isocyclemon E, Coumarin, Octabenzone, Lyral, delta-Damascone. May produce an allergic reaction. |
|--------------------------------|--|

### 2.3. Other hazards

This mixture does not contain substances assessed to be vPvB / PBT according to Regulation (EC) No 1907/2006, Annex XIII. The product does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

## SECTION 3: Composition/information on ingredients

### 3.2. Mixtures

#### General information

| Chemical name   | %     | CAS-No. / EC No.        | REACH Registration No. | Index No. | Notes |
|---|-------|-------------------------|------------------------|-----------|-------|
| Amyl cinnamal   | ≤ 1   | 122-40-7<br>204-541-5   | -                      | -         |       |
| <b>Classification:</b> Skin Sens. 1B;H317, Aquatic Chronic 2;H411                     |       |                         |                        |           |       |
| Isocyclemon E   | ≤ 1   | 54464-57-2<br>259-174-3 | -                      | -         |       |
| <b>Classification:</b> Skin Irrit. 2;H315, Skin Sens. 1B;H317, Aquatic Chronic 1;H410 |       |                         |                        |           |       |
| Coumarin  | ≤ 0,3 | 91-64-5<br>202-086-7    | -                      | -         |       |
| <b>Classification:</b> Acute Tox. 4;H302;(ATE: 500 mg/kg), Skin Sens. 1B;H317         |       |                         |                        |           |       |
| Octabenzone   | ≤ 0,3 | 1843-05-6<br>217-421-2  | -                      | -         |       |
| <b>Classification:</b> Skin Sens. 1;H317  |       |                         |                        |           |       |
| Other components below reportable levels  | 98.27 |                         |                        |           |       |

#### List of abbreviations and symbols that may be used above

ATE: Acute toxicity estimate.

M: M-factor

PBT: persistent, bioaccumulative and toxic substance.

vPvB: very persistent and very bioaccumulative substance.

All concentrations are in percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume. #: This substance has been assigned Union workplace exposure limit(s).

**Composition comments**

The full text for all H-statements is displayed in section 16.

**SECTION 4: First aid measures****General information**

Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.

**4.1. Description of first aid measures****Inhalation**

Move to fresh air. Call a physician if symptoms develop or persist.

**Skin contact**

Wash off with soap and water. Get medical attention if irritation develops and persists.

**Eye contact**

Rinse with water. Get medical attention if irritation develops and persists.

**Ingestion**

Rinse mouth. Get medical attention if symptoms occur.

**4.2. Most important symptoms and effects, both acute and delayed**

Nausea.

**4.3. Indication of any immediate medical attention and special treatment needed**

Treat symptomatically.

**SECTION 5: Firefighting measures****General fire hazards**

No unusual fire or explosion hazards noted.

**5.1. Extinguishing media****Suitable extinguishing media**

Foam. Dry powder. Dry sand. Carbon dioxide (CO2).

**Unsuitable extinguishing media**

Do not use water jet as an extinguisher, as this will spread the fire.

**5.2. Special hazards arising from the substance or mixture**

During fire, gases hazardous to health may be formed.

**5.3. Advice for firefighters****Special protective equipment for firefighters**

Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

**Special fire fighting procedures**

Move containers from fire area if you can do so without risk.

**Specific methods**

Use standard firefighting procedures and consider the hazards of other involved materials.

**SECTION 6: Accidental release measures****6.1. Personal precautions, protective equipment and emergency procedures****For non-emergency personnel**

Wear appropriate personal protective equipment.

**For emergency responders**

Keep unnecessary personnel away. For personal protection, see section 8 of the SDS.

**6.2. Environmental precautions**

Avoid discharge into drains, water courses or onto the ground.

**6.3. Methods and material for containment and cleaning up**

Stop the flow of material, if this is without risk. Following product recovery, flush area with water.

**6.4. Reference to other sections**

For personal protection, see section 8 of the SDS. For waste disposal, see section 13 of the SDS.

**SECTION 7: Handling and storage****7.1. Precautions for safe handling**

Avoid prolonged exposure. Observe good industrial hygiene practices.

**7.2. Conditions for safe storage, including any incompatibilities**

Store in tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).

**7.3. Specific end use(s)**

Not available.

**SECTION 8: Exposure controls/personal protection****8.1. Control parameters****Occupational exposure limits****Belgium. Exposure Limit Values****Components****Type****Value****Form**

|   | TWA   | 2 mg/m3 | Fume.               |
| <b>Biological limit values</b>  | No biological exposure limits noted for the ingredient(s).  |         |                     |
| <b>Recommended monitoring procedures</b>  | Follow standard monitoring procedures.  |         |                     |
| <b>Derived no effect levels (DNELs)</b>   | Not available.  |         |                     |
| <b>Predicted no effect concentrations (PNECs)</b>   | Not available.  |         |                     |
| <b>8.2. Exposure controls</b>   |   |         |                     |
| <b>Appropriate engineering controls</b>   | Good general ventilation should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. |         |                     |
| <b>Individual protection measures, such as personal protective equipment</b>                                |   |         |                     |
| <b>General information</b>  | Personal protection equipment should be chosen according to the CEN standards and in discussion with the supplier of the personal protective equipment.   |         |                     |
| <b>Eye/face protection</b>  | Wear safety glasses with side shields (or goggles).   |         |                     |
| <b>Skin protection</b>  |   |         |                     |
| - <b>Hand protection</b>  | Wear appropriate chemical resistant gloves.   |         |                     |
| - <b>Other</b>  | Wear suitable protective clothing.  |         |                     |
| <b>Respiratory protection</b>   | In case of insufficient ventilation, wear suitable respiratory equipment.   |         |                     |
| <b>Thermal hazards</b>  | Wear appropriate thermal protective clothing, when necessary.   |         |                     |

|  |  |
|--|--|
| <b>Hygiene measures</b>                | Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.  |
| <b>Environmental exposure controls</b> | Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. Fume scrubbers, filters or engineering modifications to the process equipment may be necessary to reduce emissions to acceptable levels. |

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

|  |   |
|--|---|
| <b>Physical state</b>  | Solid.  |
| <b>Form</b>  | Solid.  |
| <b>Colour</b>  | White   |
| <b>Odour</b>   | Not available.                                |
| <b>Melting point/freezing point</b>                              | 46 - 95 °C (114,8 - 203 °F)                   |
| <b>Boiling point or initial boiling point and boiling range</b>  | 350 - 430 °C (662 - 806 °F) estimated         |
| <b>Flammability (solid, gas)</b>                                 | Not available.                                |
| <b>Flash point</b>   | 204 - 271 °C (399,2 - 519,8 °F) Open cup      |
| <b>Auto-ignition temperature</b>                                 | Not available.                                |
| <b>Decomposition temperature</b>                                 | Not available.                                |
| <b>pH</b>  | Not available.                                |
| <b>Kinematic viscosity</b>                                       | 2,5 - 4,5 mm <sup>2</sup> /s (cSt) (100°C)    |
| <b>Solubility(ies)</b>   |   |
| <b>Solubility (water)</b>  | Not available.                                |
| <b>Partition coefficient (n-octanol/water)</b>                   | Not available.                                |
| <b>Vapour pressure</b>   | Not available.                                |
| <b>Vapour density</b>  | Not available.                                |
| <b>Relative density</b>  | Not available.                                |
| <b>Particle characteristics</b>                                  | Not available.                                |
| <b>9.2. Other information</b>                                    |   |
| <b>9.2.1. Information with regard to physical hazard classes</b> | No relevant additional information available. |
| <b>9.2.2. Other safety characteristics</b>                       |   |
| <b>Density</b>   | 800 - 900 kg/m <sup>3</sup>                   |
| <b>Explosive properties</b>                                      | Not explosive.                                |
| <b>Oxidising properties</b>                                      | Not oxidising.                                |
| <b>Specific gravity</b>  | 0,8 - 0,9                                     |

## SECTION 10: Stability and reactivity

|   |   |
|---|---|
| <b>10.1. Reactivity</b>                         | The product is stable and non-reactive under normal conditions of use, storage and transport. |
| <b>10.2. Chemical stability</b>                 | Material is stable under normal conditions.   |
| <b>10.3. Possibility of hazardous reactions</b> | No dangerous reaction known under conditions of normal use.                                   |
| <b>10.4. Conditions to avoid</b>                | Contact with incompatible materials.  |
| <b>10.5. Incompatible materials</b>             | Strong oxidising agents.  |
| <b>10.6. Hazardous decomposition products</b>   | No hazardous decomposition products are known.  |

## SECTION 11: Toxicological information

|                            |  |
|----------------------------|--|
| <b>General information</b> | Occupational exposure to the substance or mixture may cause adverse effects. |
|----------------------------|--|

### Information on likely routes of exposure

|                     |   |
|---------------------|---|
| <b>Inhalation</b>   | May cause allergy or asthma symptoms or breathing difficulties if inhaled. Prolonged inhalation may be harmful.     |
| <b>Skin contact</b> | May cause an allergic skin reaction.  |
| <b>Eye contact</b>  | Direct contact with eyes may cause temporary irritation.  |
| <b>Ingestion</b>    | May cause discomfort if swallowed. However, ingestion is not likely to be a primary route of occupational exposure. |
| <b>Symptoms</b>     | Nausea.   |

## 11.1. Information on toxicological effects

|                                   |   |
|-----------------------------------|---|
| Acute toxicity                    | No data available.  |
| Skin corrosion/irritation         | Due to partial or complete lack of data the classification is not possible. |
| Serious eye damage/eye irritation | Due to partial or complete lack of data the classification is not possible. |
| Respiratory sensitisation         | Due to partial or complete lack of data the classification is not possible. |
| Skin sensitisation                | Due to partial or complete lack of data the classification is not possible. |
| Germ cell mutagenicity            | Due to partial or complete lack of data the classification is not possible. |
| Carcinogenicity                   | Due to partial or complete lack of data the classification is not possible. |

### Hungary. 26/2000 EÜM Ordinance on protection against and preventing risk relating to exposure to carcinogens at work (as amended)

Not listed.

### IARC Monographs. Overall Evaluation of Carcinogenicity

|  |   |
|--|---|
| Coumarin (CAS 91-64-5)                             | 3 Not classifiable as to carcinogenicity to humans.                         |
| Reproductive toxicity                              | Due to partial or complete lack of data the classification is not possible. |
| Specific target organ toxicity - single exposure   | Due to partial or complete lack of data the classification is not possible. |
| Specific target organ toxicity - repeated exposure | Due to partial or complete lack of data the classification is not possible. |
| Aspiration hazard                                  | Due to partial or complete lack of data the classification is not possible. |
| Mixture versus substance information               | No information available.   |

## 11.2. Information on other hazards

|                                 |  |
|---------------------------------|--|
| Endocrine disrupting properties | The product does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher. |
| Other information               | May cause allergic respiratory and skin reactions.   |

## SECTION 12: Ecological information

|                |  |
|----------------|--|
| 12.1. Toxicity | Based on available data, the classification criteria are not met for hazardous to the aquatic environment. |
|----------------|--|

| Components                                      | Species | Test Results   |
|---|---------|--|
| Coumarin (CAS 91-64-5)                          |         |  |
| Aquatic   |         |  |
| Acute   |         |  |
| Fish  | LC50    | Guppy (Poecilia reticulata) $\geq 32 - \leq 100 \text{ mg/l, 96 hours}$  |
| 12.2. Persistence and degradability             |         | No data is available on the degradability of any ingredients in the mixture.   |
| 12.3. Bioaccumulative potential                 |         |  |
| Partition coefficient n-octanol/water (log Kow) |         |  |
| Coumarin  |         | 1,39   |
| Octabenzone                                     |         | 6,96   |
|   |         | 7,6 Estimated  |
| Bioconcentration factor (BCF)                   |         | Not available.   |
| 12.4. Mobility in soil                          |         | No data available.   |
| 12.5. Results of PBT and vPvB assessment        |         | This mixture does not contain substances assessed to be vPvB / PBT according to Regulation (EC) No 1907/2006, Annex XIII.  |
| 12.6. Endocrine disrupting properties           |         | The product does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher. |
| 12.7. Other adverse effects                     |         | No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.                                      |

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

|                        |  |
|------------------------|--|
| Residual waste         | Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions). |
| Contaminated packaging | Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal.       |

**EU waste code** The Waste code should be assigned in discussion between the user, the producer and the waste disposal company.

**Disposal methods/information** Collect and reclaim or dispose in sealed containers at licensed waste disposal site.

**Special precautions** Dispose in accordance with all applicable regulations.

## SECTION 14: Transport information

### ADR

14.1. - 14.6.: Not regulated as dangerous goods.

### RID

14.1. - 14.6.: Not regulated as dangerous goods.

### ADN

14.1. - 14.6.: Not regulated as dangerous goods.

### IATA

14.1. - 14.6.: Not regulated as dangerous goods.

### IMDG

14.1. - 14.6.: Not regulated as dangerous goods.

**14.7. Maritime transport in bulk** Not applicable.  
according to IMO instruments

## SECTION 15: Regulatory information

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

#### EU regulations

**Regulation (EC) No. 1005/2009 on substances that deplete the ozone layer, Annex I and II, as amended**

Not listed.

**Regulation (EU) 2019/1021 On persistent organic pollutants (recast), as amended**

Not listed.

**Regulation (EU) No. 649/2012 concerning the export and import of dangerous chemicals, Annex I, Part 1 as amended**

Not listed.

**Regulation (EU) No. 649/2012 concerning the export and import of dangerous chemicals, Annex I, Part 2 as amended**

Not listed.

**Regulation (EU) No. 649/2012 concerning the export and import of dangerous chemicals, Annex I, Part 3 as amended**

Not listed.

**Regulation (EU) No. 649/2012 concerning the export and import of dangerous chemicals, Annex V as amended**

Not listed.

**Regulation (EC) No. 166/2006 Annex II Pollutant Release and Transfer Registry, as amended**

Not listed.

**Regulation (EC) No. 1907/2006, REACH Article 59(10) Candidate List as currently published by ECHA**

Not listed.

#### Authorisations

**Regulation (EC) No. 1907/2006, REACH Annex XIV Substances subject to authorization, as amended**

Not listed.

#### Restrictions on use

**Regulation (EC) No. 1907/2006, REACH Annex XVII Substances subject to restriction on marketing and use as amended**

Not listed.

**Directive 2004/37/EC: on the protection of workers from the risks related to exposure to carcinogens and mutagens at work, as amended.**

Not listed.

#### Other EU regulations

**Directive 2012/18/EU on major accident hazards involving dangerous substances, as amended**

Not listed.

#### Other regulations

The product is classified and labelled in accordance with Regulation (EC) 1272/2008 (CLP Regulation) as amended. This Safety Data Sheet complies with the requirements of Regulation (EC) No 1907/2006, as amended.

#### National regulations

Follow national regulation for work with chemical agents in accordance with Directive 98/24/EC, as amended.

#### 15.2. Chemical safety assessment

No Chemical Safety Assessment has been carried out.

## SECTION 16: Other information

#### List of abbreviations

ADN: European Agreement Concerning the International Carriage of Dangerous Goods by Inland Waterways.

ADR: European Agreement concerning the International Carriage of Dangerous Goods by Road.

AGW: Occupational threshold limit value (Arbeitsplatzgrenzwert – Germany).  
CAS: Chemical Abstract Service.  
CEN: European Committee for Standardization.  
IATA: International Air Transport Association.  
IBC Code: International Code for the Construction and Equipment of Ships Carrying Dangerous Chemicals in Bulk.  
IMDG: International Maritime Dangerous Goods.  
MAC: Maximum Allowed Concentration.  
MARPOL: International Convention for the Prevention of Pollution from Ships.  
PBT: Persistent, bioaccumulative and toxic.  
RID: Regulations concerning the International Carriage of Dangerous Goods by Rail.  
STEL: Short term exposure limit.  
TLV: Threshold Limit Value.  
TWA: Time Weighted Average.  
VLE: Exposure Limit Value.  
VME: Exposure Average Value.  
vPvB: Very persistent and very bioaccumulative.

## References

**Information on evaluation method leading to the classification of mixture**

**Full text of any H-statements not written out in full under Sections 2 to 15**

Not available.

The classification for health and environmental hazards is derived by a combination of calculation methods and test data, if available.

H302 Harmful if swallowed.  
H315 Causes skin irritation.  
H317 May cause an allergic skin reaction.  
H410 Very toxic to aquatic life with long lasting effects.  
H411 Toxic to aquatic life with long lasting effects.

## Revision information

Product and Company Identification: Product Review  
Composition / Information on Ingredients: Ingredients  
HazReg Data: International Inventories  
GHS: Classification

Follow training instructions when handling this material.
